

January 5, 2004

In order to respect the privacy of all of our patients, we will allow family members to accompany new patients during the initial evaluation only. For all follow up treatment, family members will be asked to wait in the waiting area. We will be happy to schedule a family conference with your Physical Therapist at a time convenient to you.

Please contact me if you have questions regarding this policy.

Andrew L. Ross, PT, OCS, CSCS

I have read and understand this policy.
